Thank you...

Your choice of a Tess Young pattern is always very much appreciated. It is such a thrill to see how my patterns are transformed through your hands, and choices of colour and yarn, into fabulous finished objects. It's also a great help to other knitters as they make similar choices, so if you can share via a Ravelry Project page or Instagram with the #TessYoungDesigns, please do.

About me...

Originally from the south coast after living in both Edinburgh, Scotland and the north west of England, I now live in Italy. These places and my love of travel find their way into my knitwear design.

Inspired by environments as diverse as the coast, mountains and cities, alongside a love of textile and ceramic design and architecture, my designs aim to marry form with function.

Mobilising the characteristics of natural materials, I like to work with texture and construction to create well thought through, crafted pieces that will be a pleasure to knit and wear.

I hope you enjoy knitting this pattern.
